

Security Systems Engineer (Mid-Level)

Job Description Overview:

Nexus Security Solutions Limited wish to employ a security systems engineer with experience in installing and maintaining electronic security solutions, inclusive of access control, CCTV, and intruder alarm systems. This position is available due to the company's recent success and ambitious growth plans. It provides a great opportunity for career progression within a young, but extremely ambitious integrator. The applicant will ideally require a minimum of 3 years' experience installing and maintaining electronic systems. Full training, support, mentoring and development will be provided to ensure that the successful candidate meets their true and full potential.

This is an opportunity to join a dynamic and fast-growing company. We are looking for someone who is reliable, skilled, takes pride in their work and enjoys working as part of a close team and is the perfect opportunity for somebody who wants to take the next step in their career.

Location:

This is a field-based role however it is preferable that candidates will live within easy access of our main office situated in Amersham, Buckinghamshire. There will be a requirement to work across the UK as required and potentially in mainland Europe.

Main Responsibilities:

- Installation and configuration of Access Control, CCTV, and intruder alarm systems to meet quality standards and in accordance with company policies and procedures.
- Fault diagnosis, maintenance, and repair of security systems. There is requirement to be part of the on-call service rota with this position.

Skillset Requirements:

- Experience in the Installations of Access Control, CCTV, and intruder alarm systems
- Previous experience and training with products such as Gallagher, LenelS2, Paxton, Avigilon, Milestone, Axis, Hanwha or similar.
- Some technical knowledge of Security Systems
- Some understanding of IP networks
- Good service and fault-finding abilities
- A systematic approach to tasks and problems
- Full UK driving licence.
